Sander's List of Orchid Hybrids Three Year Addendum 2014–2016

The latest three-year (13th) addendum to Sander's list of orchid hybrids was published by the Royal Horticultural Society in July 2017. It contains names, parentage, and names of registrant and originator for all orchid hybrids registered between 1 January 2014 and 31 December 2016 – about 9,000 hybrids.

It also includes a master list of all accepted hybrid genera currently in use.

The list includes their standard abbreviations and component genera.

This has been made possible because all the name changes from *Genera Orchidacearum* volumes 1 to 6 have been incorporated.

Recommended retail price UK£60.
