Plant Pathology Advisory Leaflet

Polythene Lean-to to protect Peach or Nectarine Fan against Peach Leaf Curl

(Not to scale)

Materials

25mm x 50mm wooden framework.

25mm x 6mm battening to hold down Polythene.

Clear 500 gauge Polythene.

Panels

180cm wide x 165cm high.
Plus 30cm legs

2 Panels/ Tree

Lean-to can be left permanently in place but must be in position from January until mid-May, to keep tree dry so fungal spores cannot germinate. It also gives a few degrees of frost protection at flowering time.

For an alternative format of this leaflet please call 0845 062 1111, or textphone 18001 0845 260 5000, or email membership@rhs.org.uk
