

Barney's Buffet of Blooms

School: Lady Barn House School

Media Contact Name: Alex Lunn

Media Contact Details: a.lunn@ladybarnhouse.org

Barney's Buffet of Blooms features a stunning wooden owl structure, crafted entirely from upcycled wood, which little children can walk through and explore. Inspired by Barney Owl, the school's beloved mascot symbolising the enduring spirit of Lady Barn House School, this interactive piece celebrates over 150 years of inspiring young minds. Designed to be both functional and visually appealing, it will serve as a delightful haven for children, bees, and bugs alike, fostering a deeper connection with nature!

The children's dedication to gardening is evident through their participation in our regular gardening club, where they have honed their green thumbs and developed a passion for nurturing the environment.

Planting and colour scheme

The planting scheme is colourful and showcases the horticultural talents of the school's pupils, aged 5-11 years old, who have worked diligently to cultivate a vibrant array of flowers and vegetables from seed. The exhibit features stunning blooms such as Calendula, Violas, and Sunflowers, alongside a selection of delicious strawberries, peas, broad beans, and courgettes.

Relocation

The garden container will be permanently relocated to Lady Barn House School, allowing the gardening club to continue nurturing the plants and providing a beautiful space for all children and their families to enjoy.
