

# RHS Chelsea Flower Show 2019

## Inspired by The M&G Garden 2m x 1m Planting Plan

Create your own -  
'Regeneration Garden' themed area inspired by The M&G Garden.

Inspired by nature's power to regenerate, this woodland landscape will be interspersed with stone platforms and huge burnt timber sculptures representing natural rock formations. Populated by pioneering plants and jewel-like flowers, the landscape has been colonised by trees and ferns and primordial Equisetum and Restios giving the garden an ancient quality.

### Plant Shopping List & Key

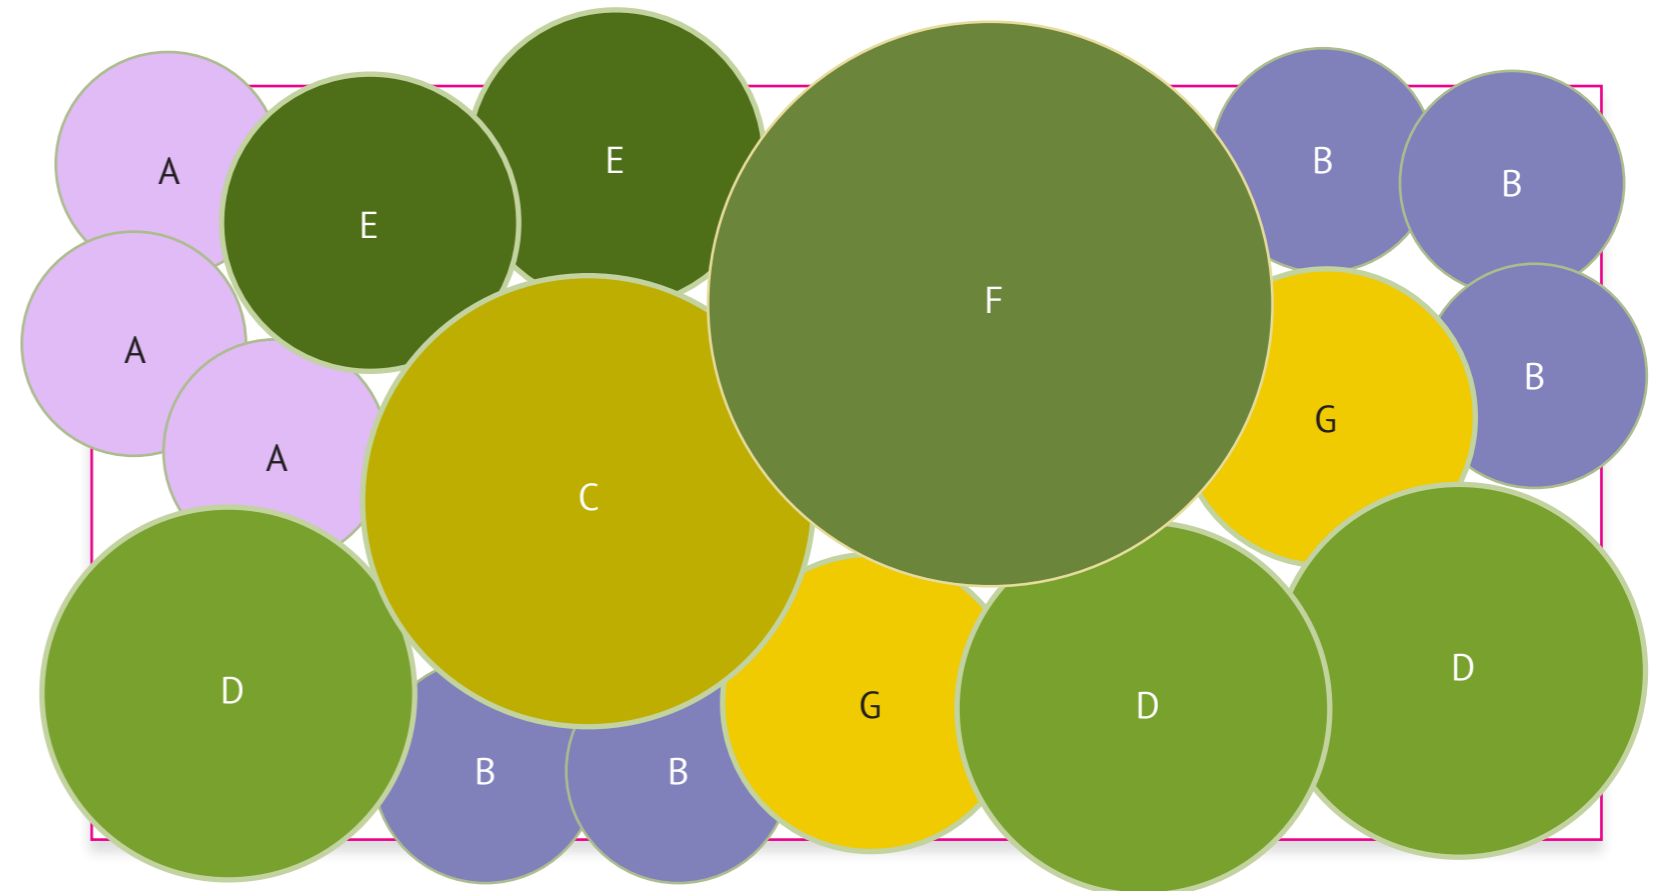

|   |                                |     |
|---|--------------------------------|-----|
